Rush-Hour Crash, 4 Orindans Hurt

Three commuters, one from Lafayette and two from Orinda, were reported critically injured in a head-on collision in Walnut Creek at 5:30 p.m. last night.

They, along with three other local residents, were passengers in a car which was wrecked when hit by a truck on South Main Street near Castle Hill Road during the afternoon rush hour.

No official report of the accident was available at the time The SUN went to press. Unverified information was supplied by Bill Pomeroy, Walnut Creek Ambulance Company driver, who took five of the six victims to the Kaiser Hospital in Walnut Creek.

According to Pomeroy, those seriously injured were M. W. Loveland, 32 Camino Del Diablo, Orinda, alleged driver of the car; William C. Marshall, 23 Avenida De Orinda, Orinda; and Roy Elke, 3773 Happy Valley Road, Lafayette.

Others who, according to Pomeroy, were less seriously injured, included James Blades, 224 El Toyonal, Orinda; William Wakeman, Oakland Street, Lafayette, and a Mr. May from Orinda. Blades and Wakeman were also taken to Kaiser Hospital.

Pomeroy said the six crash victims were apparently members of a car-pool and were all employed at the radiation laboratory in Livermore.

The accident allegedly occurred when a southbound truck, loaded with oranges, swerved into the northbound lane on South Main Street and hit the car driven by Loveland.

Stores, Schools To Close Monday

Most Orinda stores will be closed Monday, Washington's Birthday, Dr. Edwin J. McCord, Orinda Chamber of Commerce president, announced yesterday.

Schools in the area will also be closed, as will the American Trust Company. Windows at the Post Office will be closed, and there will be no mail delivery that day.

Commuters Ask SF Hearing on Greyhound Plan

Contra Costa and Marin County commuter groups this week urged the Interstate Commerce Commission to make San Francisco the setting for the ICC public hearing on Pacific Greyhound Lines' request for permission to form a separate company for commuter service in the Bay Area.

In separate letters sent Wednesday to the ICC in Washington, D.C., President John E. McKirahan of the Contra Costa County Commuters Association and President Robert Smallman of the Federation of Marin Commuter Clubs asked that the hearing be held in San Francisco instead of Washington.

REASON FOR THE request, according to McKirahan, is that it would be "in the public interest" to hold the hearing in San Francisco, since the Greyhound's plans are for formation of a subsidiary Golden Gate Transit Lines to handle commuter bus traffic in Contra Costa, Marin and Alameda Counties, San Francisco and the Peninsula.

"The usual thing would be for such a hearing to be held in Washington, because ICC is a national body," McKirahan said. "But we feel that the hearing should be held in San Francisco, where interested commuters can attend."

McKirahan reported that the Contra Costa County Commuters Association board was informed this week by Spurgeon Avakian, Oakland attorney, that he had requested Greyhound attorneys for a copy of the Greyhound application to ICC but that he had not yet received it.

"So we're not in a position to comment further on the bus company move, except to repeat that we will act unitedly with the Federation of Marin County Commuter Clubs to cope with any possible threat of higher costs and lesser services," McKirahan said.

ASSOCIATION DIRECTORS conferred with Avakian on the protest of Shore View commuters in San Mateo County against Greyhound's termination of stops along Bayshore Freeway at the housing development. Avakian reported that he will study the matter and advise the Contra Costa commuter board as to the situation.

At the Contra Costa commuter organization's meeting last week it was voted to support the Shore View commuters. It was pointed out that similar problems may arise in this area upon completion of the Diablo Freeway.

Greyhound maintains that to pick up or discharge passengers along frontage roads at the Bayshore Freeway would be contrary to its franchise.

Questionnaires Show Orindans Want Better Shopping, Community Center

Orindans have indicated that they have a strong feeling on such subjects as shopping centers, multiple dwellings and a community center.

With compilation of questionnaires, distributed recently to every sixth house in Orinda, the Orinda Planning Committee found that some conclusions were obvious.

A toal of 425 questionnaires was distributed and 396 were returned, or 93 per cent.

HERE ARE SOME of the results as presented by Boone Robinson of the Planning Committee at the Town Meeting Monday night. All percentages are of the returned questionnaires, even though some questionnaires remained blank on various questions.

1. Orinda does not wish to develop shopping facilities strong enough to attract appreciable amounts of outside trade (84 per cent).

2. Orinda would like to see a portion of the central area reserved for community facilities (86 per cent) and does not wish to see any other area developed as a town center (88 per cent).

3. Orinda does not wish to even explore the possibility of allowing a minimum area for multiple dwelling units (73 per cent).

4. **ORINDA DRIVES** to work in its own cars (80 per cent) and the place of work is west of the Tunnel, in Alameda and San Francisco Counties (87 per cent).

5. Orinda purchases those items which it obtains outside Orinda in the same locality in which it works, west of the Tunnel. In specifying where they shopped for items available in Orinda but purchased elsewhere, Orindans mentioned localities west of the Tunnel more often than localities in Contra Costa County, in the ratio of 72 per cent to 28 per cent.

Orinda does its shopping for items not available in Orinda more often west of the Tunnel (82 per cent).

6. Orinda is largely a new community. Sixty per cent have lived in Orinda less than five years and 80 per cent less than eight years.

ROBINSON POINTED out that these were obvious results of the questionnaires, but that Orindans expressed their preference along other lines as well.

Here are some of the other questions and their answers. Percentages again are of returned question-

Suit to Recover Raided Pin-Ball Games Filed Here

A suit for recovery of four pin-ball machines seized in a raid by Sheriff's Deputies January 18 in Alamo and Danvile was filed Wednesday in Martinez.

Sheriff James N. Long was named in the suit brought by C. G. Silla, operator of the Silla Music Company of Oakland, through Ivan C. Sperbeck, Oakland attorney.

SPERBECK SAID the four machines are "not multiple-play," but "predominantly games of skill." "They are not intended to be and are not included within the term 'slot machine' or 'device' as defined in the State Penal Code," he added.

The four machines were among 11 pin-ball games seized in the January raid which was conducted in Orinda, Lafayette, Alamo, Danville, Byron and Borden Junction.

Following the raid, notices of intention to destroy seized pin-ball machines were posted and owners were given 30 days in which to file suits for recovery.

SILLA'S SUIT is the first such action to be filed. Whether or not it will serve as a "test case" is not clear.

The suit asks recovery of the machines or $500 damages, plus costs of the action. Illegal seizure of the machines from Alamo Gardens and Shady Way Inn, Alamo, and from the Valley Cafe, Danville, is charged.

The raid in which the machines were seized followed by two days the appearance of Long before the law enforcement committee of the Contra Costa Grand Jury.

THAT MEETING was the first held by the committee in its current investigation of illegal pin-ball operations in the county.

Anti-Pin-Ball Law Asked by WC Mayor

A city ordinance outlawing all pin-ball games will be introduced at tonight's City Council meeting at his request, according to Walnut Creek Mayor Joseph Bell.

The law will be aimed at single-coin, as well as multiple-play machines, Bell said, pointing out that the ease with which the single-play machine can be converted to the illegal many-play type makes policing of machines a continual nuisance.

Central Orinda Plan Asked Prior To Rezone Action

Study by the County Planning Commission of the information and recommendations of the Orinda Planning Committee and preparation of a master land use plan for central Orinda before rezoning of the Pine Grove and other Crossroads area land were urged by the committee Monday.

In its letter accompanying its recommendations, the committee stated:

". . . we wish to reiterate our feeling that your commission, your staff and your planning consultant should take the necessary time to review our consultant's report, Study Plan A and B, and the questionnaire summary submitted to you to date, and that with this information and your conclusions, your staff and your consultant should prepare at least a master land use plan for the area approximately one-half mile east and west of the San Pablo Dam Road and Moraga Highway, from Miner Road to Soutwood Drive.

"TO DO LESS would in our opinion seriously jeopardize, by a form of progressive or spot zoning, the existing investments of the residents and the business interests of Orinda, whose investments we believe you have pledged to protect by your past action in zoning Orinda.

"We further wish to state our belief that if the consultants of all interested parties can be brought together through initiative taken by your commission, they are capable professionally and technically of resolving this problem . . ."

IN HIS REPORT to the commission, Francis Violich disagreed with the county planning staff's suggestion of 2.58 acres of commercial land per 1000 residents as a desirable ratio.

"It is recommended that a standard ratio of 1.8 acres per 1000 population be adopted as a maximum for the Orinda area," Violich stated.

VIOLICH ESTIMATED that not more than 25.09 additional business acres would take care of even the "ultimate" Orinda population of 21,000 envisioned by the county planning staff.

"It is therefore recommended," he continued ,"that the figure of 35 to 40 acres be considered as the total amount needed for the ultimate population of Orinda, or about 25 acres more than in use at present.

Where Did All The People Go?

How many people are there in Orinda?

Postmaster Laura Mallary thinks that perhaps 6700 people are missing and took steps recently at a Chamber of Commerce meeting to see that they are found, and promptly.

She pointed out to Dr. Edwin J. McCord, chamber president, that her post office figures indicate an Orinda population of about 9500.

However, population figures on the State highway approach signs near the Crossroads indicate a skimpy 2800. This paradox led Mrs. Mallary to inquire politely where the missing 6700 souls had gone.

Dr. McCord agreed to communicate with State officials and automobile associations to remedy the situation.

Five Words May Bring You $1

Five short words can mean $1 for you.

Those words are "Nearly everyone reads The SUN"—The SUN slogan.

Each week the paper phones 25 homes in this area and asks, "Do you know what The SUN's new slogan is?"

Every person who answers correctly is mailed $1.

Luck With Buck

After L. E. Sandy of 475 Veda Drive, Danville, had made his purchase and received his change at Walgreen's Drug Store fountain in Walnut Creek, he decided to check the serial numbers of his $1 bills against the Lucky Bucks list in The SUN. Result: One of the bills was a SUN Lucky Buck, for which he received $5.

Proposal: Expand Village Shop Area; Pine Grove Civic Use; Relocate Road

At one of the largest meetings ever held in the community, more than 300 Orindans, occupying almost every seat in Orinda School auditorium Monday night and standing along the walls, enthusiastically approved the demand that the County Planning Commission deny East Bay Municipal Utility District's application for rezoning of Pine Grove and other Crossroads-area land and that it develop a master plan for central Orinda before taking any other action on rezoning.

The meeting was called by the Orinda Association's Orinda Planning Committee, to report on its presentation to the Planning Commission earlier that day, in connection with the rezoning controversy.

Although no actual vote was taken, the audience reaction left no doubt as to community support for the propsals of Francis Violich, who is associate professor of landscape architecture and lecturer in city planning at the University of California and consultant to the Planning Committee.

Highlights of these proposals, which Violich illustrated with a large map-drawing, "Study Plan B," were:

1. **DEVELOPMENT OF** a shopping and business area adjacent to and integrated with Orinda Village. This expanded shopping section would extend southward from the present Village, along the west side of the present San Pablo Dam Road.

2. **RELOCATION** of San Pablo Dam Road behind this expanded business area, from the Miner Road-El Toyonal vicinity to the Interchange ramp. The relocation would transform the present San Pablo Dam Road from the Village to the Crossroads into "a local 'Main Street'. . . free of through traffic."

3. **USE OF THE** Pine Grove and the general section on the east side of the new 'Main Street' for community purposes.

"The plan," Violich said, "permits the conservation of the Pine Grove itself, an asset very much worth preserving for the coming generation, and its integration into an area suitable for a variety of community uses. The location of community uses such as recreation center, civic buildings, etc., on the Pine Grove site is particularly appropriate due

Looks Like Big Load for Postman

Five hundred postcards asking the County Planning Commission to deny East Bay Municipal Utility District's rezoning application and to develop a master plan for central Orinda were distributed at the Town Meeting at Orinda School auditorium Monday night.

Another 500 cards were ordered by the Orinda Association at midweek, and are available at food markets and drug stores in the community.

President Zach Montgomery urged Orindans to send the cards —or to send individual letters to the Contra Costa County Planning Commission, Attention: J. P. Connors, chairman, Martinez.

"Individual letters and the cards are both effective," he said. "So if you haven't a card, send a letter."

Long Urges Car Rental System Be Abandoned

The system whereby sheriff's patrol cars are rented from the sheriff was recommended abolished Tuesday by none other than Sheriff James N. Long.

THIS AND OTHER recommendations were presented to the County Board of Supervisors through County Administrator Desmond Teeter.

Pointing out that the present system was established 30 years ago, Long recommended its abolition due to "the tremendous growth of Contra Costa County . . . and the amount of mileage incident to this."

Criticism has been leveled at the present system as expensive and because state law prohibits use of red lights and sirens on a privately owned fleet of cars.

LONG ALSO recommended three substations in the western, central and eastern parts of the county be established and that his office be relieved of the duty of serving superior court summons.

Board Takes Week to Study Law Proposed to Streamline Planning

A proposal to streamline county planning, sent back to the Board of Supervisors without substantial change by the County Planning Commission, was continued for one week by Supervisors Tuesday.

Board members indicated they wished more time to study the ordinance to see if changes they had suggested could not be implemented.

An original proposal to take some of the load from the commission to allow more time for major matters had been referred back to the commission by the board for more consideration.

A THREE MAN board of zoning adjustments for minor matters, staffed by commission members, was originally suggested. Appeal would be to the commission only, instead of to supervisors, as at present.

In referring the proposal back, supervisors suggested the board might be manned by the county planning staff. One supervisor pointed out a citizen might feel it would be of little use to appeal an adjustments decision to the commission if the same men sat on both boards.

In declining the supervisors' suggestion, the commission said, "The planning staff is most needed for work in the Planning Commission office, and if they were members of the board, this would not speed up the work of the Planning Commission."

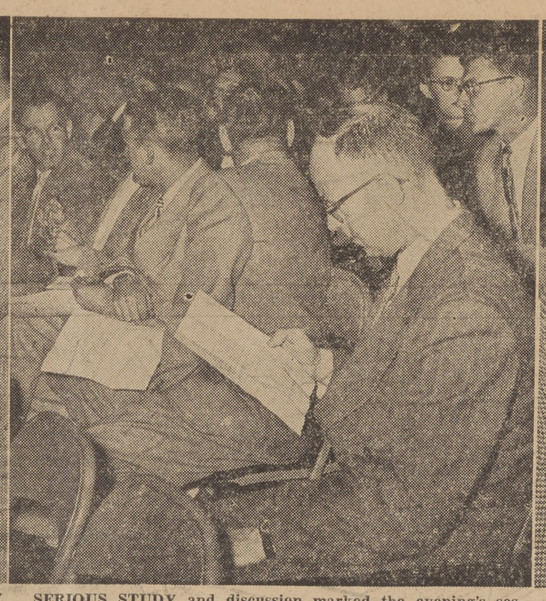
THE MOST IMPORTANT change from the original suggestion is that under the revised proposed ordinance, applicants could appeal land use permits to the supervisors, if three supervisors would vote to hear the case.

The commission would handle only master plan and rezoning matters under the proposal, while the board of zoning adjustments would sit on land use permit and variance requests. These represent two-thirds of present commission business.

THOUGH A SUPERVISOR had suggested the schedule of fees might be high for the private citizen, it remains the same in the revised proposal.

At present a total fee of $6 is necessary for a planning request. Under the proposal it would cost $10 to file a request, $20 to appeal to the commission, and $20 to appeal to supervisors.

"GRASS ROOTS" CONVENTION — The Republican Council of the Sixth Congressional District met at Alhambra High School in Martinez February 11 and selected John Baldwin of Martinez as candidate for Congress. Mrs. Harmon Howard of Walnut Creek greets John J. Graham of Danville as he adds his name to the list of many delegates from Contra Costa and Solano Counties.



SERIOUS STUDY and discussion marked the evening's session. Here is a portion of the Lafayette-Orinda section on the convention floor. The delegates listened to speeches by five would-be candidates, three of whom had been recommended by the council's screening committee. These three were Baldwin, Joseph Creighton of Orinda and Henry Kilpatrick of Vallejo.

BALDWIN IS CONGRATULATED following his endorsement by the council. Mrs. William Simpson, Austin Whittaker (next to her) and Dr. E. R. Ligon (at right), all of Lafayette, wish good luck to Baldwin in his campaign and pledge their wholehearted support. Many other persons did the same. "We have a job to do," Baldwin said.

naires, even though the question was not answered on some.

COMMUNITY FACILITIES most desired are: Library, 48 per cent; recreation and social center, 43 per cent; medical-dental center, 38 per cent.

Most disliked by Orindans are: Parking situation, 47 per cent; high prices and lack of competition, 38 per cent, and congestion, 29 per cent.

Regarding shopping habits, the following was reported:

1. Residents living south of Mt. Diablo Boulevard purchase negligible amounts in the Village, except children's clothing.

2. Residents living north of Mt. Diablo Boulevard do more shopping at the Crossroads than at the Village, except for drugs and children's clothing.

The total results of the questionnaire were used by Francis Violich, consultant to the Orinda Planning Committee, in the preparation of his zoning study for central Orinda.

Meeting Backs Committee Proposal

(Continued from Page 1)

to the conspicuous character of the site in central Orinda."

"This is not the final answer," Violich declared. "There are several ways it can be done. This plannning job should be continued."

PRIOR TO EXPLAINING his proposals, Violich discussed the plans of EBMUD for a shopping center at the Pine Grove and for a mixed business and community section on the west side of the present San Pablo Dam Road.

He illustrated this part of his talk with a map, "Study Plan A," showing the EBMUD plans. San Pablo Dam Road remains unrelocated on this drawing, since the utility district has not yet taken a stand regarding the proposed relocation.

When Donn Sigerson of the Orinda Planning Committee asked, "Who likes the EBMUD plan better than the second plan?" after Violich had completed his presentation of the two plans, boos sounded from the audience.

"Who likes the second plan better?" Sigerson asked.

Loud applause echoed through the auditorium.

BOARD OF SUPERVISORS Chairmn H. L. Cummings was in the audience. When he was asked by Association President Zach Montgomery and Andy Blalock, Orinda Chamber of Commerce secretary-manager, to say a few words, Cummings said he had come "just to listen, to learn and to get the opinion of the people of Orinda as to how they want the area zoned," and he added:

"The Board of Supervisors will have its own hearing on the rezoning application, after the Planning Commission makes its recommendation. I don't know what action the Planning Commission will take, but we want to please the people of Orinda, and I think the Planning Commission does, too.

"The way you've gone about this is very commendable and I think your Orinda Planning Committee has done a fine job."

The meeting was opened by Montgomery, who declared:

"THIS MEETING WAS called to discuss the most important issue ever faced by the people of Orinda —the zoning of the central area of Orinda." He paid tribute to the members of the Orinda Planning Committee — Joseph Creighton, chairman; Sigerson, Boone Robinson, William Penn Mott Jr., Ned Fowler, Karl Schevill and Mrs. Roberta Spiegl.

Sigerson reviewed the long-standing rezoning controversy. He explained that the Planning Commission hearing was closed February 2, that the Orinda Planning Committee had submitted additional information and recommendations on Monday, that EBMUD had 10 days (until Thursday, February 25) to submit a reply with the Planning Commission and that then the Orinda group would have another five days for submitting a rebuttal.

"THE ONLY AUTHORITY Orinda has is the authority of the people of Orinda," he stated.

Montgomery then read the letter of transmittal which accompanied the material filed that day with the Planning Commission and was signed by all members of the Orinda Planning Committee.

Robinson reported on the results of the public opinion questionnaire distributed recently by the Planning Committee to 425 homes. (See separate story.)

EVALUATION AND analysis of the answers were done with the aid of Professor Violich. Schevill was in charge of the distribution and returns. Some 45 volunteers, organized by Mrs. Mitchell Farrar, did the distribution.

"Mrs. Farrar did a terrific job, working with Karl Schevill in distributing the questionnaires," Robinson said.

"The high percentage of returns is indicative of the tremnedous interest by the people of Orinda. So is the turnout at this meeting. It is highly gratifying to work with a community where there is such support."

Prior to the Town Meeting, the Orinda Association Board and the Civic Affairs Committee held a brief joint meeting in the school library.

C of C to Act on Central Orinda Plan

Orinda Chamber of Commerce directors will probably meet in special session next week to take a stand regarding the plan for central Orinda submitted Monday to the County Planning Commission by the Orinda Planning Committee, Dr. Edwin J. McCord, chamber president, said yesterday.

Dr. McCord announced at Tuesday's luncheon meeting of the chamber that a special meeting will be held soon for that purpose. Stanley Allen had suggested that the chamber go on record as to its position on the plan, but because of the late hour no action was taken.

The Planning Committee report was based partly on the questionnaire prepared jointly by that group and the chamber. "We'll probably go along with the Planning Committee in its recommendations," Dr. McCord said.

THE LARGEST TURNOUT in the chamber's history marked the organiaztion's first session at its new meeting place, the Orinda Willows. Nearly 50 attended. Regular luncheon meetings will continue to be held the first and third Tuesday of each month, at noon.

The parking situation was discussed at length.

President Zach Montgomery of the Orinda Association reviewed the planning work which has been done by his organization.

BOONE ROBINSON of the association's Planning Committee summarized the committee's findings and conclusions and discussed questionnaire answers to some of the questions of concern to merchants, such as those on parking.

Bill Worden presented a film on Hawaii. He reminded members that March 1 is the reservations deadline for the East Contra Costa Hawaii Good Will Clipper Cruise, which the Orinda chamber is cosponsoring.

Baldwin Admits Membership in Subversive Group

Questions and answers at a political convention can be both embarrassing and funny, and the recent Republican Council Meeting at Martinez was no exception.

Attorney John Baldwin, the council's choice, was asked by an elderly delegate near the back of the auditorium:

"When you were attending Boalt Hall of Law at the University of California, were you or were you not a member of the Lawyer's Literary Guild which is on the Attorney General's subversive list?"

The question had to be repeated, and Baldwin replied:

"When I started my studies at Boalt Hall I had just returned from overseas, and had not made many acquaintances. When I found out what the organization was, I immediately resigned."

Doctor Returns to Resigned Position

Dr. A. L. Baritell has returned as director of the department of surgery at Kaiser Foundation Hospital in Oakland.

He resigned as $42,000-a-year medical director of the hospital December 1 over a dispute on medical philosophy and finances.

Baritell, 39, of 101 Camino Don Miguel, relinquishes only one title. He was also the surgery chief when he resigned.

Annual Boy Scout Exposition Set

Twenty-four Cub Packs, 21 Boy Scout Troops, five Explorer Units, and the Order of the Arrow will have exhibits and demonstrations on Scouting at the Meridian District Scouting Exposition at Acalanes High School from 3 to 9 p.m. tomorrow.

Expecting a larger crowd than the 3000 who saw the show in 1953, the campaign and activities committee under Chairman Tom Mika has scheduled this year's event for an afternoon showing, in addition to the regular evening demonstrations.

IN THIS WAY IT is hoped that some of the congestion will be relieved said Mika. Booths are to be constructed in the boys' and girls' gymnasiums, the cafeteria, and some of the hallways.

Displays are scheduled by the following units:

Alamo: Pack 52, Troop 216, Woodworking.

Danville: Pack 36, Troop 206, Archery; Post 306, Emergency Skills.

Canyon: Pack 57, Troop 212, Camping.

Lafayette: Packs 38, 79, 200, 220, 238, Troop 204, Hiking; Troop 210, Camping; Troop 223, Home Repairs; Troop 224, Electricity; Ship 203, Utility Boat.

Rattlers, Fire Prevention And Skunks Are Koch's Meat

Fire Inspector Bill Koch is a one-man rescue squad for the Orinda Fire Department.

Rattlesnakes, skunks, cats in trees and children locked in bathrooms fall into his special province, but skunks and snakes are his specialty.

When an angry, frightened or frustrated housewife calls the department to report one of these skirmishes, Koch goes to the rescue with his special equipment.

For rattlesnakes, he uses a simple garden rake. With this, he teases the snake into striking, then pins it to the ground — result, finis for snake.

Skunks pose a different problem. They are not harmful, but can be definitely unpleasant. In order to keep from burying uniform after uniform, Koch has developed his '50-50 skunk getter."

HE DISCOVERED IT in the following manner. One of the unsavoury beasts had managed to trap himself so that he could only be approached by a route which led directly into his main battery — a possibility which even the fearless Koch did not relish.

However, inspiration in the form of a CO2 fire extinguisher from his truck provided the balance of power. Now, when he meets a skunk, Koch says "it all depends on who squirts first."

The CO2 puts the animal to sleep in a cloud of carbon dioxide and the battle is over.

ONE ENCOUNTER with a rattler caused Koch a lot of worry. Usually they aren't much of a problem, he says, but this is why he was concerned when he arrived at the scene of conflict.

It wasn't the size of the snake — a 37 incher with eight rattles — it was the volunteer hunters that caused the concern.

"By the time I got there there were three women and about 12 children stomping around in the grass," he said.

"I WENT AFTER that snake so fast I nearly stepped on him, but speed was essential. One of the women had a pistol and the other was waving a shotgun around. If there's anything more dangerous than that, I've yet to meet it."

However, snakes and skunks provide only nuisance value to the Orinda Fire Department. Their main job is fires and fire prevention.

How well they have accomplished the latter can be witnessed by the fact that they had only one house fire in 1953, and that was a freak.

It started from a leaking water pipe. When the residents left for a few hours they put a pan under the leak, but the drip increased to a stream, ran over the pan and followed a wire conduit down to a switch box.

THREE BRUSH fires were the only other major alarms during the year, according to the records of Fire Chief H. E. Wyatt. One was caused by a downed PG&E power line and the other two by children playing with matches.

Wyatt and Koch attribute this phenominal freedom from fires to safety education. A recent drive to clean basements and garages of waste paper eliminated many fire hazards and raised $1500 which was contributed to the Mt. Diablo Therapy Center.

AND OF COURSE the men are always ready to go to the aid of the injured. Recent quick action at the scene of an accident is attributed with saving the life of little Bobby Blue, who was hit by a car.

So the worth of the Orinda Fire Department is proven, not in its ability to fight fire, which is beyond question, but in its ability to prevent fires and handle emergency, which is even more important.

Drive carefully through residential streets and save a child's life.

Republicans to Back Baldwin in Congress Race

John F. Baldwin, Martinez attorney, won the backing of Contra Costa and Solano County Republicans in the Sixth District Congressional race last week.

Baldwin won the endorsement of the Republican Central Council on the first ballot with a majority of 379 votes out of 584. Other candidates were Henry Kilpatrick of Vallejo with 90 votes, Joseph Creighton of Orinda, 77, Jack Merchant, 37 and V. Craig Bull, one.

More than 1000 persons attended the convention held at Alhambra High School February 11. The convention was directed by chairman Donald Kientz of Pleasant Hill and proceeded with dispatch and decorum.

Although several delegates appeared with noise-makers and placards for demonstrations, none were held.

MANY HAD COME expecting all the noise and confusion of a national convention, but it proceeded along purely business-like lines.

Each of the three candidates recommended by the screening committee was allowed a five minute nominating speech, a one minute seconding speech and a five minute question-answer period.

A loud alarm clock was placed in the front row of the audience and enforced the time limit.

In addition, V. Craig Bull and Merchant were allowed five minutes each to appeal the decision of the screening committee and their names were placed on the ballot.

AFTER RECEIVING THE approval of the council, Baldwin said "I believe I have a chance to win the Democratic primary as well as the Republican this time."

Immediately after the results were announced, Baldwin's four opponents for the endorsement publicly extended their congratulations and pledged their support.

The convention got under way at 8:15 — 45 minutes late — with the reading of two congratulatory telegrams, one from Senator William F. Knowland, the other from Jim Moriarty, Central Contra Costa Young Republican president.

ASSEMBLYMAN DON DOYLE gave the keynote speech and squelched immediately any rumors that he could be forced into the race, with his opening remark:

"I'm not here tonight as a candidate, but to speak about the Republican scheme of things. Some will be disappointed, but after the convention is over we must all unite behind our chosen candidate."

Doyle then received the unanimous endorsement of the council for re-election as Assemblyman from the 10th Assembly District.

CANDIDATES WERE introduced and the order of appearance was determined through drawing of straws, not alphabetically as last year.

Bull and Merchant, appealing, spoke first, followed by Creighton, Kilpatrick and Baldwin in that order.

And the votes were in, tallied and announced by 11 p.m. and the convention was over.

CONGRATULATIONS AND GOOD LUCK. Howard K. Earl Cappel of Orinda Takes Over Pontiac Dealership in Walnut Creek

Earl E. Cappel of Orinda this week took over the Pontiac dealership fo rsouth and eastern Contra Costa County with sales and service headquarters at 1909 Mt. Diablo Boulevard, Walnut Creek.

Now known as Cappel Pontiac, the firm is headed by Cappel as president, Vern Savage as vice president and Edgar B. Stewart of Orinda as secretary.

FOR OVER 25 YEARS, Cappel has been with Cappel, MacDonald and Company of Dayton, Ohio, a firm which runs sales programs and promotions for automotive and other companies.

A resident of Orinda for seven and one-half years, he was assistant chief of administration and storage for the Lend-Lease program in Washington, D. C., in 1942 and served as a supply officer in the Air Corps from 1943 to 1945, being discharged a major.

On the local scene, Cappel is a member of the Orinda Rotary Club and the Orinda Chamber of Commerce. With Edgar Stewart, 1954 Man of the Year in Orinda, he is active in the Mt. Diablo Therapy Center building campaign, now serving as drive co-chairman in Orinda.

STEWART, Cappel Pontiac Company secretary, worked with the late Mort Brown, former owner of the dealership, when the Therapy Center building drive was started.

Howard K. Winfield, Walnut Creek resident and Northern California business management manager for the Pontiac Motor Division in San Francisco, said this week, "We're looking to Earl Cappel and Company to be a progressive Pontiac dealer in southern Contra Costa County, not only in sales of new Pontiacs, but in the service that will be extended to the many hundreds of Pontiac owners in this area."

Savage will be general manager, as well as vice president. He has held various executive positions in the automotive industry in the East Bay since 1943.

HENRY HANSEN will be service manager; William "Bud" Taylor will be parts manager; Frieda Perez, office manager; Ruth Peters, assistant office manager, and Vern Savage Jr., sales manager.

Sam Giammona, former parts and service manager, Bob Linscott and Frank Shirey will be on the sales staff. Shirey is the president of the Orinda Rotary Club.

The service department will be made up of the same individuals who have been with the firm for a number of years. They are Lewis Burns Jr., Milton Robson, George Alton, Harry Bowman, Delmer Walker and Fred Krausnick.

Art, Objective or No, Is Panel Topic

"Objective Art versus Non-Objective," is the subject to be discussed by a three man and one woman panel of art experts at the meeting of the Diablo Art Association at St. Paul's Episcopal Church guild hall, Walnut Creek, Monday at 8 p.m.

THE PROGRAM will begin at 8 p.m. and is open to the public.

Speakers on the side of objective art will be Jade Fon, well known Bay area artist and teacher, and George Bartholomew, portrait painter now residing in Walnut Creek.

Non-objective art will be supported by Michael Czaja, artist and Professor of Archecture at University of California at Berkeley and Lenore Eric-Alt, who has painted for many years in Chicago, taught in St. Paul, and is now in San Raphael. The moderator for this discussion will be Edward Martin of Berkeley.

ACCORDING TO Program Chairman Mrs. Phyllis Chamberlain, these working artists will attempt to present a sincere and honest opinion of why they paint as they do and evaluate many controversial points of art today.

Refreshments will be served after the meeting when new members will be introduced by Permanent Greeter Mrs. Marion Love. These are Jim Lee and Lyle Lund of Lafayette, Minnie Blythe, Martinez; Mrs. Jennie Anderson, Concord, and Bartholomew.

Campbell Hopes For Park Money In Six Months

Master Plan Consultant James M. Campbell, speaking on "Parks in the Master Plan" said at present there is little or no money set up for parks, but he hopes something can be done about buying property in the next six months.

In a talk before the Contra Costa Park Council recently in Lafayette, he pointed out possible shore line developments for the county.

In the shoreline study Campbell found less than he had hoped for in sites. Possibilities are to expand Diablo State Park, develop Frank's Tract, sand beach and dunes at Antioch, a park within Martinez city limits, a site between Wilson Point and Pinole Point, and waterfront sites inside city limits of Richmond, he said.

Campbell added that for a complete recreation program, city parks wil have to supplement the county and state parks. The study of inland parks is under way and has yet not been completed.

He was introduced by Mrs. Lawrence Ulrich, chairman of the Lafayette Committee for the meeting.

President Alvin A. Burtorr reviewed the progress and accomplishments of the Park Council, and colored slides showing Contra Costa County countryside were presented by Ed Koskinen with Edward Clay narrating.

Next meeting of the Contra Costa Park Council will be held in Concord March 10.

RAIN OR NO RAIN, Acalanes High School senior girls were determined to sell tickets to the golf tournament which had been scheduled for last Saturday afternoon at Orinda Country Club for the benefit of the Heart Fund drive. That they had some success is shown by Colonel F. J. Clune, county campaign chairman, as, with wallet out, he buys a ticket from Donalee Fey while Marcia Miilu, behind him, and Bitsy Burns, with a baseball bat, add their persuasive methods. Enjoying the transaction is Mrs. Howard Flanders, member of the Contra Costa County Heart Association board and chairman of volunteers. The tournament? It had to be called off because of the rain. — SUN photo by Mattson

Golf Meet Rained Out But Heart Fund Drive Still On

Four top amateur golfers — Ken Venturi, Harvie Ward, Bob Silvestri and Dick Yost — were all in favor of going ahead with their scheduled exhibition tournament at Orinda Country Club last Saturday afternoon despite the rain, since it was to be for the benefit of the Heart Fund drive.

But the continuous onslaught of raindrops and the consequent lack of any appreciable number of spectators finally caused them to call the tournament off, very reluctantly.

JUST AS ENTHUSIASTIC as the golfers were Acalanes High School senior girls who had come to the clubhouse to sell tickets for the event. Rain didn't prevent them from selling tickets to Colonel F. J. Clune, county drive chairman, and any other hardy persons they could nab.

The tournament, like the one at the Presidio links in San Francisco Sunday for the benefit of the Heart Fund, had been arranged by the California Golfers Association.

FAR FROM "rained out" is the Heart Fund drive. Colonel Clune and Mrs. Loyce Casebolt, executive secretary of the Contra Costa County Heart Association, stressed this week that the campaign is on until March 1.

They asked that contributions be sent to the association headquarters, 2363 Mt. Diablo Boulevard, Walnut Creek.

Letters have been sent to 30,000 Central Contra Costa County residents, urging them to "Help Your Heart Fund, Help Your Heart."

Present Program

Acalanes frosh girls presented their annual Girls' League assembly before the feminine half of the student body this week.

Participating in the program were Cathy Schevill, Barbara Gills, Julie Dees, Karen Betacus, Dolores Roeschen, Pat Courtright, Gayle Sheehand, Penny Wolf, Juddy Patterson, Sandy Boyer, Judy Sindahl, Jan Everson, Carolyn Coffee, Cynthia Porter, Louis Enrico, Pat Stevens, Sara Fowler and Kyla Houson.

F. G. Hill Takes Furst's Place on Demo Committee

Citing the pressure of community activities and his job as the reason, Harold Furst of Lafayette resigned from the Democratic County Central Committee Tuesday night.

The committee, meeting at the County Courthouse in Martinez, chose Forest G. Hall of Orinda to replace Furst until the June primaries when Central Committee members will be elected by the registered Democratic voters of the county.

FURST IS A director of the Lafayette Improvement Association and chairman of that organization's incorporation study committee. He is regional economist for the Bank of America.

The Central Committee heard Richard Haber of Kensington report on the recent Fresno convention of Democratic groups.

THE COMMITTEE chartered the new Lafayette Democratic Club, which was scheduled to hold its first meeting last night at the home of Dow Votaw in Happy Valley.

Chairman Martin Rothenberg of Pittsburg conducted the Central Committee session.

THE FEDERATION of Democratic Clubs of Contra Costa and Solano Counties will hold an endorsement convention March 6 at Martinez Junior High School. The gathering will decide which candidates to back for Congress and the Assembly in the pre-primary race.

Central Committee endorsements cannot be voted until after the primaries.

6 Gray Ladies Receive Caps In Ceremonies

Six volunteers, from Walnut Creek, Orinda and Lafayette, joined with other Gray Ladies from Alameda, Berkeley and Oakland Red Cross Chapters, when they received their caps at a ceremony and reception at Oak Knoll Naval Hospital yesterday.

Mrs. Arthur Hammonds, Gray Lady chairman for Mt. Diablo Chapter, said that the following women have completed the requisite number of hours of volunteer service in the wards and may now have the privilege of wearing their Gray Lady caps:

Mrs. R. R. Dreggors, Mrs. James Keating of Walnut Creek; Mrs. Wallace Golbeck, Mrs. W. S. Morton and Mrs. Arthur Webb of Lafayette, and Mrs. Robert Williams of Orinda.

Field Director Marie Adams assisted at the ceremonies. Mt. Diablo Chapter volunteers were in charge of the decorations.

TV Station Set For Mt. Diablo

A new very high frequency television station is expected to start broadcasting from Mt. Diablo by early summer.

Permission has been granted to Less Hoffman of Hoffman Radio and Television Corporation to construct the station by the Federal Communications Commission.

Plans call for the home station to be in Stockton with DuMont network programs featured. A 300 foot tower atop the 3849 foot peak will transmit to 27 counties and more than 4 million people with 25,000 watts.

The new station will use channel 13. A Radio Corporation of America transmitter has been ordered and officials hope it will be broadcasting test patterns by May.

FATHERS MUST BE DISCIPLINED, Comfy Scott (left) and Adeline Ainsworth (right) firmly believe as they study three of the four dads who discussed "Discipline" at the Orinda Nursery School meeting last week. The obviously confused fathers, left to right, are Lawton Shurtleff, trying to explain advantages of the rolling pin technique; J. Gordon Ainsworth, deep in reading of theory, and Dr. Peyton Jacob, psychiatrist, attempting to get respect for his demonstration with a toy plane gadget. The fourth dad on the panel, Pat Cardin, apparently was too exhausted from the speaking experience to engage in arguments with the critical younger generation. — SUN photo by Mattson

Dads Discuss Discipline On Panel, Mothers Listen!

The trouble with mothers is, they are inconsistent.

But having reached this conclusion the four fathers discussing "Child Discipline" on the Orinda Nursery School panel allowed that mothers are this way because they too are human beings.

A tense atmosphere prevailed among the more than 100 parents attending the meeting at the Orinda Community Church last week as the four "experts" attacked the universal problem of child discipline.

NONE OF THE FATHER members of the panel could agree on the best method of obtaining good behavior in little Johnny or Maria, and two of them were flatly opposed.

Dr. Peyton Jacob, Oakland psychiatrist and Orinda father of two boys aged 4 and 6, held that punishment may inhibit the child so that in later life he may be unable to express himself.

But Lawton Shurtleff, Oakland tool company owner and Lafayette father of two boys, 13 and 10, and a girl, 4, declared parents should "start out spanking."

E. F. Cardin Jr. of Lafayette, Oakland plywood manufacturer and father of four and six year old boys, felt parents must recognize the confusion which confronts the child.

"WE STICK HIM IN THE REAR with a needle when it's his head that hurts," Cardin illustrated. But rueful laughter from the audience greeted Cardin's added comment: "Why punish a four-year-old? He doesn't do anything really wrong."

Cardin described his method of controlling tantrums as "holding the child at arms' length and letting him kick." "But my arms aren't as long as his," commented nursery school teacher Mrs. Henry Harris who was at the moment sporting a large and colorful knee bruise as a result of abiding by this technique.

Warm argument ensued on the panel when its fourth member, J. Gordon Ainsworth of Orinda, Oakland advertising executive and father of a boy and girl, 7 and 4, respectively, inquired whether the "permissive method" advanced by Cardin and Jacob might not lead to loss of life and limb.

Ainsworth felt two types of discipline are needed: stringent punishment to avoid repeating situations endangering the child, and lesser correction for harmless mischief.

"BUT I PROCEED ON THE basis that parents have rights too and whether the children like it or not they have to live in an adult world. The sooner children adjust to this, the more comfortable we'll all be," Ainsworth said.

The panel members did not explain whether the mothers' inconsistency they criticized resulted from the stress of dealing with the little ones all day unassisted by fathers' wisdom, but the one thing all four speakers agreed upon was that mothers should not "wait until daddy gets home" to apply corrective measures.

DR. JACOB POINTED OUT that parents should look for underlying causes in continued child behavior problems. He said that his own four-year-old recently irreparably took apart the family flashlight because he "really wanted to see what was inside his mother" who is expecting another child. "We thereupon gave him an old alarm clock to investigate and had no further trouble," the psychiatrist said.

"But my four-year-old son wrecked my flashlight the other day and my wife's not pregnant," commented the perplexed Cardin and on the firm ground that actually every child is different and no set rules apply specifically to any one, the panel concluded its discussion which was enthusiastically applauded by the audience.

Seafarers Enjoy Slide Meeting

The Seafarers had a most enjoyable cruise to the port of the Dr. Murray Groves at 25 Camino Encinas February 5.

Following the serving of dessert by the hostess and a brief business meeting the group was entertained by Jack Case of San Francisco who showed colored slides of scenes he had taken pictures of in Rio de Janeiro and Buenos Aires.

Adoption Booklets Popular

The Adoption Auxiliary's January meeting was held at the home of Mrs. Jack Marchant, Walnut Creek

Among the guests attended were Mrs. William Takahashi and Mrs. Harold Mutnick of Lafayette, Mrs. Lester Sharmer of Malnut Creek, Mrs. J. L. Olson of Concord and Mrs. Russell Usinger of Orinda.

Mrs. Foster Davis of Concord, chairman of pamphlet distribution, announced that requests for the Auxiliary's leaflet on Services for the Unwed Mother in Contra Costa County, are continuing to come in.

SHE SAID THAT about 6300 of the pamphlets have been sent out, and that there have been about 2700 additional pamphlets requested.

It was also announced by Mrs. Robert Kahn, radio publicity, that Louis Olvera of Station KECC, has again donated broadcasting time to the Auxiliary. He is using their script to explain phases of the adoption program in Contra Costa County to his Spanish speaking listeners.

Mrs. J. Marchant, chairman of the speakers panel, and Mrs. Robert C. Keyston, public relations chairman, presented adoption information to the group in the form of a socio-drama. Mrs. Marchant took the role of a natural parent relinquishing a child for adoption and also the role of a prospective adoptive parent.

Mrs. Keyston portrayed the social worker. This presentation was also given at both campuses of the Contra Costa Junior College for Dr. Costellanos' Family Life Class.

MRS. MARCHANT and Mrs. Keyson announced that a recording of this program will soon be available to interested organizations.

Maintenance Suit Granted Woman

Mrs. Helene Klement, 10 Valley View Road, was granted a decree of separate maintenance recently against her husband, George R. Klement, 45, an Oakland furrier.

Superior Judge Hugh H. Donovan declared that Mrs. Klement should be awarded the following:

Custody of the children, aged 19, 17 and 13; $400 a month for support of herself and the two youngest children and exclusive possession of the Orinda home.

The court also directed Klement to pay the room and board and tuition of the eldest son, who is in college.

Klement sought a divorce, but offered no corroboration of his testimony.

The couple wed in Oakland February 4, 1933 and separated March 1, 1952 according to the complaint.

William A. Davis has been named chairman of the board and Stuart Davis president.

The Acalanes cup winners will compete with cup award winners from other high schools for further achievement honors.

P.O. Figures for Month, Not Year

It was reported in The SUN recently that the growth of the Orinda area could be measured in the increased activity of the Post Office.

It has been suggested that it was not clear that some of the figures reported, although correct, were for the month of December only, not the whole year.

IN ORDER TO INSURE understanding, the following figures are repeated. They are for the month of December, 1953, as compared with the same month in 1952:

Stamp sales amounted to $15,000, an increase of 20 per cent over the $12,500 figure of 1952.

Cancellations, which indicate the number of outgoing letters and parcels, were up 13 per cent with 284,350 as against 251,698 for the preceding year.

SACKS OF PARCEL post matter increased by 20 per cent. The post office handled 2,178 sacks in 1952 and 2624 sacks in 1953.

Gross receipts for the entire year were $65,421, an increase of 17 per cent over the 1952 receipts of $56,040.

Democrats Hear Professor on Bi-Partisanship

"Bi-Partisanship in politics can only create the appearance of unity, a hypocritical status for a democratic nation," Professor Harold Winkler told Orinda Democrats at their regular meeting February 3 at the Orinda Community Church.

Professor Winkler is a member of the Political Science Department at the University of California.

He stressed that bi-partisanship works to the advantage of the party in power and is not in the best interests of a democracy such as ours.

He recommended that "Our democratic methods usually offer several alternatives to any complicated problem, domestic or international, and should be debated openly in Congress by all intelligent representatives of the people, independent of the platform presented by the party in power."

He pointed out that British non bi-partisan methods are more effective than ours .

Orinda Democrats will meet again March 3 at the Orinda Community Church to elect officers under the direction of Dr. Fred Tarp, chairman.

Boy Scouts Ask Sustaining Funds

With Boy Scout Week activity having had its effect, attention of area residents and organizations was called this week to the Mt. Diablo Area Boy Scout Council's drive for sustaining members.

"To make scouting available to more boys in the Mt. Diablo Area Council and to increase its effectiveness and purpose, additional funds are required to supplement money obtained from the United Crusade, Community Chest and other local campaigns," a council leaflet explains.

"WE NEED YOU to support this constructive youth program."

Sustaining memberships, it is explained, are "over and above their regular subscription to the budget made either through the Community Chest or through the financial canvass in their community."

Participating membership fee is $5. Sustaining membership fee is $10. Guardian membership fee is $100.

CHECKS, PAYABLE to the Boy Scouts of America, can be sent to Herbert Hauser, 156 Moraga Highway, Orinda.

Hauser reported that the Orinda Rotary Club has contributed $100 to the drive.

AMPLE PARKING ACROSS THE STREET — CARRY OUT SERVICE

About our happy Country Folks

By EDITH BOLMAN

CAN A WOMAN KEEP A SECRET?—well, under certain circumstances—yes. Particularly if there is a black cat involved and the woman fancies herself to be a columnist.

A couple of weeks ago we were invited to the Press and Union League Club in San Francisco to attend a dinner honoring the president of Turkey. After the rack of lamb and mint jelly had been stowed away, Ben Gaines of the San Francisco News started the formalities by introducing people who in turn introduced 1) the many important visitors 2) an artist who drew an out-sized on-the-spot cartoon of President Celal Bayar 3) the clever Will Aubrey who sang an original calypso type story to, and about, President Bayar and 4) the gentleman of Omar Khayyam's restaurant who arranged for the head table to have Turkish food.

During the various introductory remarks explanation was made of "Tombstone" the journalistic black cat of secrecy. As a matter of fact a large statue of Tombstone was strategically placed on the table in front of the speaker, and he guarantees that nothing said by the speaker will be published or discussed beyond the confines of that particular room.

Quite a little responsibility for Tombstone when you consider that the room was full of journalists.

We were really built up to quite a pitch—we were going to know something we couldn't discuss with the girls and—what was even more important—the girls would know we knew it. Could hardly wait but while so doing we noticed President Bayar—a statesman indeed with horizontal horned rim glass above which, yes considerably above, rose oblique and dominating eyebrows.

MADAME BAYAR looking like a more quiet, more studious, more slender edition of Helen Hokanson's thoroughly American looking ladies. There was an exotic looking gentleman guest wearing long black robes, a hat with flowing draperies and a delicate tracery of "Beaver" over the lip and under the chin. Other guests, Pappy Waldorf and Carl Wendte.

You'll never guess what happened

Then president of the Press and Union League Ed Montgomery was explaining the personal history of our honor guest and the effect he had had on the democratic and cooperative activities of Turkey—and—now it comes—our first chance to be in on an important secret—introducing Celal Bayar. Whereupon the President of Turkey stood firmly on his two feet, behind the cat, in front of the microphone, and spoke for over an hour IN TURKISH!

An interpreter, of course, a gentleman with an Oxford accent, considerable charm and a prodigious memory. After an inspiring speech there were questions from the floor which were handled with tact, thoughtfulness and wit. But what did he say in his speech—nope—remember Tombstone.

AND NOW ANOTHER MAN of prestige and importance. Do you remember Lewis Haas, who was business manager for the San Francisco Chronicle? He, with Mrs. Haas and their children Elizabeth and Roger lived in that house on Camino Sobrante overlooking the Orinda Country Club pool. They moved to Phoenix, Ariz., in 1945 and Mr. Haas became general manager of the Phoenix Chamber of Commerce.

Being a man of vision and vitality, and having the ability to carry out a plan, he accomplished the phenomena of coordinating various Arizona chambers with a unity of purpose and spirit of cooperation which accomplished the following amazing results: "The tourist advertising budget was increased from $16,000 to $100,000, thereby establishing an industrial development program that brought 150 industries to Phoenex in five years. The chamber membership was increased from 800 to over 3000."

A gentleman with a purpose in life

He acted as advisor to chambers all over the state and advanced such a constructive program that he has earned the respect and devotion of the entire state as was evidenced by the recent testimonial dinner given in his honor at the Westward Ho Hotel. There were 500 civic, business and government leaders including Governor Pyle and Mayor Murphy.

The program was most impressive in expressing community appreciation for his "contribution to the solidarity of the state" and "his ability to see both sides of the question." Quite a tribute indeed.

During the Frank Wrights' recent visit to Palm Springs they visited one of the local night spots to find out what was going on in the field of entertainment. Nelson Eddy sang, Esther Williams and her husband Ben Gage were there so Mr. Gage obliged with an impromptu song.

Then another gentleman from the audience decided to play a tune on the piano. He started off with "Star Dust" but had difficulty remembering the notes. He finally asked if anyone in the orchestra had the sheet music—what do you know—it was Hoagy Carmichael the composer of "Star Dust."

And an out-of-town visitor

And inasmuch as this week's column is being devoted to men let us tell you about a visitor from out of town. Sandy Baker, who was made to stay in the hall because of a confusion of theories regarding hospitality. Not only that—he hailed all the way from Albany, N. Y., but had to stay in the hall anyway. Now don't misunderstand us— the host family was exceedingly cordial but a girl at the age of two and a half years can't be expected to change her habits just because a visiting cousin, who is a good six months younger, has hit town with plans to move in on her territory.

Nothing doing—out into the hall went his crib and his suitcase and there it stayed. Also Sandy was not permitted to kiss Grandmother because she too was little Linda's exclusive territory. In spite of that everybody thoroughly enjoyed the visit.

Cast of characters: Sandy Baker, son of Mr. and Mrs. William Baker who are visiting here and Los Angeles on behalf of Paddock Pools; Linda Caswell, daughter of Mr. and Mrs. Robert Caswell; Grandmother, Mrs. Thomas Telfer.

Locale—The Pleasant Hill home of Mr. and Mrs. Caswell; time—the most recent three weeks.

That is all.

Sixty juniors are enthusiastically joining their talents in this venture, and 60 colorful and imaginative costumes are being created by Orinda mothers.

The Nutcracker Puppet, designed by Estelle Gore, is a real honest-to-goodness Nutcracker, actually capable of cracking walnuts.

Mrs. Kirk Miles, general chairman, reports that all phases of the production are progressing beautifully for the performances to be given March 6, 2 p.m., and March 13, 2 and 4 p.m.

Because of the illness of Mrs. Dan Popovich, Molly Nelson has taken over the duties of music director.

Miami Vacation

Mr. George Trimble Sr. left Orinda recently for Miami, Florida, to spend about a month visiting his son Samuel Trimble and family.

AGE BEFORE BEAUTY? Maybe the boys of Cub Pack 212 don't consider themselves beautiful, but they certainly looked on hungrily, although politely, as their dads took first helpings of pie at the pack's Fathers' and Sons' dinner at Orinda Community Church last Friday night. John Ogden (left) shows son Carl how to grab a man-size spoonful of pie, while Clinton Easterbrook (seated at right) goes to it with direct tooth action as son Tommy peers over his shoulder. Cubs, Dads Enjoy Dinner and Awards

Cub Scout Pack 212 held its annual Fathers and Sons Dinner at the Community Church last Friday. The large U-shaped table was decorated in sections by the dens; and the fathers, sitting with their sons, sat with other fathers and sons of the same den.

Table decorations, in a Lincoln motif, consisted of centerpieces and place-cards for each father and Cub Scout.

Den 1 made place-cards of small wooden logs with tiny hatchets. The fathers had hats and Cub Scout neckerchiefs of blue and gold crepe paper.

Den 2 had a large log cabin as a centerpiece, decorated with Lincoln pennies.

DEN 3 USED SMALL LOGS with hatchets for place-cards, and their centerpiece was a scene of Cub Scouts chopping wood, made from heavy silver foil.

Den 4 had several log cabins in the center of the table and their place-cards had pictures of Lincoln and Lincoln's log cabin.

Den 5 also had log cabins with a miniature American flag, as well as yellow flowers. Den 7's large centerpiece consisted of a log cabin with a yard containing many miniature trees. Their place-cards, shaped like blue tents with yellow toothpick poles, had each person's initials cut out on one side. Den 12 had small logs with hatchets for place-cards, and their centerpiece was a large log cabin with Indians hiding behind tree stumps.

The food, served cafeteria style, was served by all the mothers.

AS THE GROUP finished eating, each Cub Scout stood singly, gave his name and introduced his father by his first name. Ricky Merriam introduced his grandfather, and Jack Gilbert introduced his uncle. John Dunlap, having two sons in different dens, was first introduced by Charles, as his father wore the hat of that den; then by Steven while his father switched hats.

Stephen Dudley, as a new recruit, was introduced with his father. Hall Clement was inducted into the pack at a Bobcat ceremony, accompanied by his father. He will join Den 12.

The announcement was made that the gum distributed to all would be a monthly feature furnished by the Beechnut Company, and the den whose appearance at each pack meeting is the neatest, will be awarded a box of chewing gum.

The Denners' reports came next, and each boy told of the activities of the past month and of making the place-cards and centerpieces, and of the gifts for Bobby Blue which were sent to him in the hospital. Little Bobby is progressing nicely and will be home from the hospital very soon, although he will be confined to bed for an indefinite time.

AWARDS PRESENTED WERE: Steven Beckett, two Silver Arrows on Wolf; Paul Rieger, Silver on Wolf, and Bobby Ross, Silver on Wolf.

The following boys received their Wolf Badges which were presented by their fathers: Steven Dunlap, Eric Ramsing, Steven Greathouse, Scott Huntley, Teddy Howard. Receiving Arrows were: Don Flenner, Gold on Bear; Roger Roos, Silver on Bear; Dicky Palmer, Gold on Bear; Bobby Clifford, two Silver on Bear; Charles Dunlap, Silver on Bear; Roger Hoyer, Silver on Bear Accompanied by their fathers because they were receiving a major award, were Brian Traynor, Bear, Gold on Bear and two Silver on Bear, and Jay Jacobus, Bear. Also accompanied by their fathers were six boys who received their Lion Badges: Jack Gilbert, Lion, Gold on Lion and Silver on Lion; Laurie Chapple, Lion and Gold on Lion; John Thurston, Lion, Gold on Lion; Carl Ogden, Lion, Gold on Lion and Silver on Lion; Barry Howard, Lion; Peter Yedidia, Lion, Gold on Lion and Silver on Lion.

ASSISTANT DENNER stripes were awarded to Eric Ramsing, Bobby Clifford, George Hauer and Teddy Howard. Denner stripes were given to Greg Scarich, Johnny Cooper, Bobby Clifford, Bruce Bromley, Charles Aberham and Scott Huntley.

Year pins were presented to Bobby Clifford, Paul Rieger, Johnny Cooper, John Davison, Jay Jacobus, Greg Peterson.

While preparations were being made to show the film, Bruce Howard, the Cubmaster, thanked fathers Jay Jacobus and Coleman Huntley for procuring the color film of the 1954 East-West football Game.

Bruce Howard announced that John Ogden wanted the pack thanked for his lovely plant sent to him during his recent stay in the hospital. John is now fully recovered and enjoyed himself at the pack meeting.

It was announced that the next monthly theme will be "Treasure Hunters," and at the next pack meeting, March 12 at the Community Church, there will be no uniforms worn, but all Cub Scouts will come in pirate costumes.

JUST LIKE SUMMER

Think it's cold outside?

There's a Scots lass visiting Orinda who says this weather is comparable to summer in her home land.

Lila Bohan arrived just before Christmas for a six-month visit with her sister, Mrs. Leo Lemire of Tappan Court. Miss Bohan decided to come to America for Christmas on the spur of the moment, and in 10 days had received her visa and boarded the plane.

In these days of speedy travel, it took just 36 hours from Scotland to San Francisco. Miss Bohan's first surprise was on being fingerprinted when she applied for her visa. In Scotland only criminals are ever fingerprinted and she didn't realize this method of identification was more widely used in the States.

Of course, the taxi ride from Idlewilde airport to New York City left her breathless. Miss Bohan says that she can drive any car anywhere in Scotland but is afraid to venture from Sleepy Hollow to the Crossroads here.

Besides the fact that she has to drive on the "wrong" side of the road, the amount of traffic is so great that she prefers to leave the driving to some one else.

NEAR CULZEAN CASTLE

Miss Bohan, a vivacious brunette, lives in Prestwick, Ayrshire on the west coast of Scotland. It was the base of a large airport during World War II and is just 18 miles from Culzean Castle. When President Eisenhower was commanding general of the Allied invasion forces he was presented with a flat in Culzean Castle for his personal use whenever he is in Scotland.

It is always fascinating to hear a fresh viewpoint on familiar things. I guess that's why Americans are ever ready with questions for visitors from other countries.

I enjoyed Miss Bohan's observations on such things as our supermarkets; she thought it was grand "pushing your own cart" and selecting your choice from the large variety of foods offered for sale. She says the sales clerks in our stores seem much more helpful and friendly than sales people in Scotland.

LIKES ORINDA HOMES

Our Orinda homes she likes very much and exclaims over the way things "are so easily done." Perhaps this is the reason for our hospitality which has impressed her.

Miss Bohan remarked that in her country entertaining is either very formal or non-existent. As she says, "people don't just pop in" as we do here. We were having this chat at a Valentine cocktail party given by the Lemires, a perfect example of the pleasant, informal entertaining enjoyed so often now.

The Lemires have been Orinda residents for just one year, since they returned from a two-year stay in Japan, where Lieut. Commander Lemire was stationed. Their lovely home on Tappan Court contains many interesting souvenirs from the Orient. They have two sons and two daughters. The baby girl was born in Japan and had not seen her aunt before, but the other three children went to Scotland with their mother on her second visit home in 1946. In fact they are well-traveled themselves, since they journeyed from Scotland to Japan when they rejoined their father.

THAT 'MIGHTY' DOLLAR

Miss Bohan, who has traveled a good deal, says that America is the only place where the U. S. dollar isn't so "mighty." She said in Europe if you had a few greenbacks tucked away you could do something with them.

But of course, she observed, in comparison with American wages, our prices are not out of line. Although she did say tourists from this country have a wonderful advantage when they travel to Britain now.

One thing Miss Bohan mentioned that amused me was the fact "that American women are spoiled." She amplified this statement by saying that in Scotland the man of the house did nothing "but draw his breath" at home and would never dream of doing dishes or anything in the domestic line.

Another guest at the party, and I have a witness to prove it was a man, said, "Maybe American women aren't spoiled, American men just aren't pampered."

FOG? JUST A MIST

I hope this charming visitor who laughs at our fog—"this would be called just a mist in Scotland"—enjoys her stay in our country.

So far the only thing lacking is the fact she can't seem to find Schwepps Tonic Water, which she says will be a "wee joke" when she arrives home, since her friends know her preference for it.

Guess I was carried away by my interview with Miss Bohan. Hope you enjoyed reading her remarks as much as I enjoyed hearing them . . . although you didn't have the benefit of her Scottish burr.

SOCIAL NOTES

Here are just a few social notes . . . the Dudley Dobsons will try out their new station wagon on a snow trip to Ahwahnee Lodge in Yosemite. Daughter Donna will accompany them for her first sight of snow.

Mr. and Mrs. Anthony Yriberri entertained dinner guests recently, including the Lloyd Ludwigs and the Leonard Pankonins.

The Cecil Moores were welcomed into their new home on Overhill Road by their neighbors at a large cocktail party given by the Ray Meyers.

Investiture

Orinda Explorer Post 300 held its annual camp fire investiture ceremony for new members at its meeting at the Orinda Scout House February 3.

Newly initiated members include George Harrison, Tom Pope, Ernie Petrucci, John Hards, Ed Rinne, Larry Pilcher, Gordon Fowkes, Bill Ready and Bill Ward. The new Freshman crew elected Bill Ward Crew Leader, and Ed Rinne Assistant Crew Leader.

Plans were made for the Post to participate in the Meridian Scout Exposition at Acalanes tomorrow. Assistant Post Advisor Bob Harrison will be in charge. The Post will put on a demonstration of the Explorer Rating, Outdoor Skills.

Plans were also made for a ski trip to Phillips March 13 and 14.

Radio Singers

Jimmy Tanovitz, Lance Chilton, Tommy Richards, Ralph Reid and David Williams of Den 3, Cub Pack 211, participated in Rolf Cahn's "Come Sing with Me" program broadcast over KPFA January 13.

The broadcast was of tape-recording made previously at the station's studio in Berkeley. The boys had been brought to the studio by E. J. Chilton of Haciendas Road, husband of their den mother, for the recording.

Dons to Play League-Leading Cougars

Acalanes Ready To Furnish Some Tough Opposition

Tonight the Acalanes Dons face Albany at Albany, and it remains to be seen how the Dons will fare with the undefeated league leaders, who are well on their way to their third consecutive title.

The Bee teams will start festivities at 7 o'clock.

In Joe Dorsey, it is the consensus of experts that the Varsity Cougars have the league's top all-around player. Around him Coach Craig Ortlieb has built an impressive record.

ALBANY IS FAR from a one-man club, however, as Dorsey has some very capable assistance from such players as Charley McDonald and Ron Hansen, both on the small side physically but the big side when it comes to ability, with emphasis on scoring.

The Dons, to put it mildly, have been the surprise of the league and are at present enternched in second place.

Coach Jean Ridley, in his first year at the helm, has molded the Don Varsity into a close-knit unit. No one player has been outstanding in the scoring ledger but the team does have a number of consistent shooters—which, when all is added up, has resulted in far more wins than were expected at the beginning of the season.

Bart Ferro, Tim Freeman and Red Jones have been the most consistent point-getters, and with Bob Gray back from a sprained ankle layoff, the Dons are expected to be tough opposition from here on out.

NEXT TUESDAY the Dons return to their home court for an afternoon game with the Alhambra Bulldogs, and this should be a "red hot" one.

The Bees lead off at 3:30.

Alhambra edged the Dons 42-41 in an overtime Varsity game at Alhambra's court in the opening round.

The Dons need this one, as does Alhambra, to stay in the No. 2 spot.

ALHAMBRA'S CLUB is built around the league's leading scorer, Jack Jordan, to the extent that the expression "Stop Jordan, stop Alhambra," has become more truth than poetry.

The Dons' forte all season long has been good average scoring, with better than average defensive play.

Chances are that Coach Ridley has some defensive tactics in mind for Jordan—and if they work, the Dons may all but cinch the runner-up spot with a win.

Prep Hoop Play In Home Stretch

Next week's prep basketball schedule finds the teams hitting the home stretch of league play, with the finale to take place March 5.

Albany, with a three-game bulge, is well out in front of the Varsity pack and is an apparent cinch to repeat as pennant winner, which would make it three years in a row.

IN THE BEE Division, it looks to be Antioch, a five that has a two-game advantage and improves each week out, with little chance of anyone overtaking it.

The big battle is on for the No. 2 spots, with anyone likely to end up in that spot in the unpredictable Bee race.

IN THE VARSITY division, the struggle for No. 2 position looms among the Acalanes Dons, Alhambra and Diablo.

The Dons currently hold down the runner-up spot, and, from the way they have come along, it would seem they have as good a chance as anyone of ending up in that position.

Shopping at home has a number of advantages. You save time, effort — and money, too.

TWO MORE POINTS. Thompson Electric drops the casaba in the hoop as they did many times February 11 to down Berkeley Savings and Loan, 63-47, virtually clinching first place in the Walnut Creek Men's Basketball League. Knights Topple Before Cougars

The Las Lomas Knights fell before the onslaught of the league-leading Albany Cougars last Friday night by a 57-36 count in the Varsity game and a 56-31 margin in the Bee game, with both games of the doubleheader being played in the Walnut Creek gym.

In the Varsity tiff, Albany's jumping Joe Dorsey and Ron Hansen paced the attack with 17 and 10 points, respectively.

ALBANY WAS out in front 13-6 at the end of the first quarter and made it 29-16 at the halfway mark, extending the advantage by hitting 20 points to 7 in the third period.

Las Lomas did come back strong in the fourth quarter as it outscored Albany 13-6.

J. French, a guard, topped the Knight scorers with 10 points.

IN THE BEE game, Albany's Lou Catalano's 14 points led the Cougars to their win, with Dick Jordan leading the Knights with 11.

Ex-Don Athletes Busy These Days

Former Acalanes Don athletes are busy these days.

Norm Parsons is seeking a berth on the Cal crew.

Lloyd Torchio and Eddie Greub are having a bit of duty with the rugby team at Cal.

Dick Fey is currently a member of the San Jose judo team. He expects to turn out for baseball—providing he doesn't lose any necessary parts of his anatomy in judo matches.

Marvin Lucas, ex-footballer, recently discharged from the Marines, is back on the job at the Lafayette Fire Department.

Alhambra Downs Both Ram Fives

The Pleasant Hill Rams ran into trouble last Friday night when their inexperienced clubs went down before Alhambra by a 75-31 margin in the Varsity game and 45-28 in the Bee game.

The games were played on Mt. Diablo High's hardwood in Concord.

ALHAMBRA'S BULLDOGS played with a vengeance as they turned the Varsity leagues' top scorer, Jack Jordan, loose to pour through 39 points of his own, just shy of the county mark of 41 set by Antioch's Billy Williams two years ago.

Alhambra commanded a 20-10 first quarter lead and was never headed as they posted a 38-20 halftime tally and kept rolling with 16 and 21 points in the final two periods of play, with the Rams getting 4 and 7.

SHINING LIGHT for the Rams was Jim McMillan, who notched 11.

In the Bee game, Alhambra's Ron De Vries took scoring honors with 10 points.

Red Cross to Give First Aid Course

A standard class in first aid will be given by the Red Cross starting March 3 in the Orinda Community Church.

The class will last six weeks with meetings each Wednesday and Friday at 9:30 a.m.

Anybody may attend and there is no registration fee. The only expense will be the purchase of a first aid manual and a bandage for practice purposes, according to Frank M. Williams, teacher.

Acalanes Scalps Indians but Bees Bow to Papooses

The Acalanes Varsity basketball five displayed some good shooting when they invaded Crockett February 11 and proceeded to make it two in a row over the Indians by hitting for 38 per cent in the first half and a blistering 46 per cent in the final two periods of play, to chalk up a 57-45 win.

The Papooses defeated the Don Bees 41-39.

The Varsity charges of Coach Jean Ridley started fast when they bagged 17 points in the opening quarter, paced by Guard Bart Ferro, who snared 6 on three field goals.

The Dons' defensive play limited John Swett to 6 points in the opening stanza.

IN THE SECOND quarter, both clubs tallied 9 points, and it was the Dons out in front at the halfway mark, 26-15.

Crockett came back to rack up 14 points in the third quarter, only to have the Dons increase their lead when they meshed 19 points of their own, with John Conley connecting on three well-executed jump shots.

Coach Ridley inserted reserves at this point, enabling Swett to register 16 points in the final period, to 12 for Acalanes.

Red Jones and Conley were top scorers for the Dons in last week's game with the Indians, notching 13 apiece, while Bill Airoldi of Swett took game honors with 15.

THE ACALANES Bees put together a combination of 29 fouls and inability to hit the hoop, to drop another game by two points to the Papooses.

The game was lost in the foul column when Swett capitalized on 19 points via the free throw route, while the Dons had but 13 via the same route.

The Dons Bees trailed throughout the game, being behind 10-8 at the end of the opening quarter and trailing 22-19 at the half, and it was Swett, 30; Acalanes, 23, at the three-quarter mark.

The winners were paced by Rich Nunes, with 12 and Gil Slavazza with 11.

Top scorer for Acalanes was Bill Link with 11.

Pianist Soriano To Perform with S.F. Symphony

A newcomer to the San Francisco Symphony Orchestra's roster of soloists, Soriano, widely hailed as the greatest keyboard talent to come from Spain in the past 25 pears,, will be guest artist with the orchestra, conducted by his compatriot, Enrique Jorda, in concerts at the Opera House in San Francisco next Thursday night and Friday afternoon and Saturday night, February 27.

Soriano will play "Rapsodia Portuguesa for Piano and Orchestra" by Ernesto Halffter. The purely orchestral compositions at these concerts are "Ballet Suite" by Lully, "Symphony No. 4 in A Major" ("Italian") by Mendelsshon and Overture to "The Flying Dutchman" by Wagner. Tickets are on sale at the Opera-Symphony box office, Sherman, Clay and Company.

CHARLIE "CRAB" KNOBEL, stalwart on the Don crew, goes up for a shot in February 9's game with Las Lomas. He is being guarded by the Knights' Bob Kinyon. The Don varsity waxed the Knights on Acalanes' court. Joe Sheaff, 6' 3" sophomore looks on. — Acalanes Blueprint photo

Christian Science Sermon—'Mind'

That increased wisdom and capability are available to all through obedience to God's spiritual laws will be brought out at services Sunday in the Churches of Christ, Scientist, at 42 Orinda Highway, Orinda, and 1347 Locust Street, Walnut Creek.

The Lesson-Sermon entitled "Mind" includes the following admonition of Moses: "Hear, O Israel: The Lord our God is one Lord: And thou shalt love the Lord thy God with all thine heart, and with all thy soul, and with all thy might" (Deuteronomy 6:4, 5).

Among the selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be the following: "Moses advanced a nation to the worship of God in Spirit instead of matter, and illustrated the grand human capacities of being bestowed by immortal Mind" (200:4).

The Golden Text is from Romans: "O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are his judgments, and his ways past finding out!" (11:33).

Mt. Diablo DAV Gets Busy Start

The Mt. Diablo Chapter of the Disabled American Veterans held a very successful first meeting at Veterans Memorial Hall, Concord, last Friday night.

Officials of the American Legion, Veterans of Foreign Wars, Fleet Reserve Association, Concord Chamber of Commerce and City of Concord were in attendance to welcome the new chapter.

During the meeting many beneficial community projects were discussed.

COMMANDER Jack Lloyd of Lafayette pledged whole-hearted support of his organization and recommended that letters of commendation and endorsement of policy be sent to Commanders Ben Mayfield and Fred Norris of Mt. Diablo and Sidney Severens Posts of the VFW of Concord and Martinez, respectively, for the recent stand of their past in not joining in a "witch hunt" which Lloyd said was recently advocated by some VFW posts.

Lloyd also stated that the DAV would join wholeheartedly in the policy that the best weapon against subversive elements is education, Americanism, citizenship and community service.

IT WAS ALSO brought out that neither the DAV nor the VFW of the 14th District of California is sponsoring any magazine solicitors.

At the suggestion of the new DAV chapter, it is planned to form a council of area veteran groups to review and either endorse or deny use of names of these groups in any fund-raising project.

Bare Root Stock, Ready for Planting, Has Advantages for Home Gardens

STOCKS OF DECIDUOUS bare root trees, shrubs and plants are in most California nurseries now, ready for planting this month.

Many beginning gardeners have inquired about the advantages of bare-root planting. The California Association of Nurserymen says the advantages are these:

Bare root stock is an inexpensive form of starting fruit, shrub and shade tree plantings.

BUT STILL MORE important, the association asserts, is the fact that deciduous plants are dormant during the cold weather period, a condition they must be in for assured transplanting.

When deciduous plants become dormant, sap flow is at its lowest ebb. As a result, the roots will not bleed or dry out, something they are very apt to do if the plant is foliaged. Planting deciduous stock now insures quick growth with the advent of warm spring days.

TRANSPLANTING or planting can be successfully carried out if you keep these two principles in mind:

1. The bare roots should be maintained in a moistened, protected condition during transferral. This can be done by enveloping the roots in damp sacks or moistened earth.
2. Maintain a balance in size between the root structure and the top (or branches). If the roots have been pruned in digging, corresponding pruning should be applied to the top. Most nurserymen will properly prune your plants when you purchase them.

Nelson Elected V-P

Milt Nelson of the Orinda Willows has been elected second vice-president of the East Bay Restaurant Association, Inc.

The association includes restaurants in Alameda County and southern Contra Costa County.

Students Join At Acalanes

Students in the Acalanes French club played host recently to French language students from San Ramon and Antioch High Schools.

The Don French club entertained their guests with French cuisine, movies, games, songs and skits.

The Acalanes French club follows an active program of association with other language students, attending commercial French motion pictures and other activities.

According to the club's adviser and Acalanes language instructor, Miss Florence Bassignan, out of school activities on this order stimulates student interest in the language and provides practical situations for both speaking and listening.

Home Departments To Tour Refinery

Members of the Contra Costa County Committee of Home Departments will have a guided tour through the California and Hawaiian Sugar Refinery at Crockett March 5.

It is urgent that everyone be in the refinery reception room not later than 9:30 a.m., Gertrude Caldera, education chairman, said.

At 12:45 p.m. the San Pablo Home Department will serve lunch to the committee in the San Pablo Recreation Hall.

Some Facts on Fluoridation

What is fluoridation and why should we fight for its use?

This question is becoming more and more prevalent as people become increasingly aware of fluoridation.

You will be hearing more about it at meetings, through your newspaper and through political actions and comments, so here is some of the reasoning behind it.

Basically, it is the process of adding minute quantities of fluorine, a natural element and not a medicine, to the drinking water supply of a community in order to cut down tooth decay.

The American Dental Association states that 50 percent of all children two years of age or over have one or more dental cavities. By age 16 more than 90 percent of all boys and girls have advanced tooth decay with an average of seven affected teeth each.

In Grand Rapids, Mich., where the water supply has been fluoridated since 1945, authorities report a 65 percent decrease in dental decay.

It is not harmful. Fluoridation adds nothing that has not been in many water supplies for centuries. Some water supplies have too little, some too much.

The cost of fluoridation is small. For about 10 cents a year you can add protection to the teeth of young children throughout their life. You cut the cost of care by reducing the number of fillings needed. You build healthier bones.

Fluoridation does not affect the water supply in any noticeable way. You can't see, taste or smell the fluoride. It doesn't add hardness and doesn't affect the action of soap.

Effectiveness and safety of fluoridation is assured in California by laws which require that all fluoridation programs be approved and supervised by the State Department of Public Health.

Among organizations endorsing fluoridation are the National Congress of Parents and Teachers, the Junior Chambers of Commerce, the American Medical Association and the American Dental Association.

The SUN recommends that both the East Bay Municipal Utility District and the California Water Company consider the immediate study of fluoridation.

We urge every organization and every parent to study fluoridation so that they will be prepared to take action on this important question.

ONCE A PATIENT, NOW A WORKER. Little Carolyn White, 9, was stricken with rheumatic fever at the age of six. When she was cured with aid from the Heart Fund, Carol immediately volunteered to help with the fund "in time after school." Carolyn is the daughter of Mr. and Mrs. Homer White of 2470 Warren Street in Walnut Creek and is a student at Parkmead Elementary School. The slogan of the drive, now under way, is "Help Your Heart Fund, Help Your Heart."

Letters to the Editor

Dear Editor,

On Thanksgiving Day we were very privileged to entertain two young GI's from Camp Stoneman awaiting orders to be sent to Korea.

They have been there almost two months and one boy has received no mail at all from the states. I write when I can, but he is so hungry for letters, he has asked me on every page for someone to write.

I have wanted to send him perhaps some comforts he may need, but to quote him, "Thanks a lot for offering to send me things I need, but the only kind of medicine to cure me would be mail."

. . . I should greatly appreciate your printing his name in the hopes some young people would correspond with him . . .

What They Say . . .

Fast Driving, Back Streets and Kids

Speed and careless driving on the back roads and residential streets are of considerable concern to most local residents.

Voicing their recommendations this week, several people expressed their opinions when The SUN asked them, "What do you think should be done to bring about safer driving on our residential streets?"

Here are the answers:

"SIGNS SHOULD be put up and the speed limit should be 15 miles per hour where there are children," said Dan Cohen, 1001 Carol Lane, Lafayette.

"I don't know," said Mrs. A. F. Coe, 37 Barbara Road, Orinda. "People should just realize that they go too fast and it's up to the people themselves to slow down.

"If they are interested in other people's welfare they will slow down. They should be conscious of the fact that there are children around us all the time."

"A slower speed limit," suggested Mrs. Frank Hanrahan of 297 Kathleen Drive in Pleasant Hill. She added, "there is one sign, 'Slow-Children at Play' at the end of our tract. I think there should be more of them to remind people."

MRS. CHARLES W. Petrie of 1985 Carolyn Drive said, "I think we need more signs." She went on to explain, "We need more 'Slow-Children at Play' signs and other signs too. They just put in some 'Dip' signs and they're a help.

"They should make people obey the speed limits, out where I live it's terrible," said V. J. Martin of Buena Vista Avenue in Walnut Creek.

Frank N. Jenks of 1977 Newell Avenue answered, "I'd sure like to know what could be done to slow traffic down on Newell Avenue. They come down here and a 25 mile sign means nothing."

"THEY SHOULD BE patrolled more often," commented Mrs. Robert Coles, 747 Los Palos Drive, Lafayette. "I think that occasionally during the rush hours if the sheriff would patrol the streets and stop a few people it would be better."

MRS. JAMES W. Collins Jr., 9 La Fond Lane, Orinda, agreed and said "I think drivers go faster than necessary. More speed cops, perhaps, and a few tickets might help. It seems like they could have a few more officers or the one they have could patrol more often."

Letters to The Editor

Dear Editor:

This is in response to recent articles appearing in your paper concerning the splitting of lots and the disputes over these actions.

The manner in which lots are being split over the protests of many residents raises some serious questions with respect to our county's government. On the one hand, the Planning Commision had been denying numerous applications (Land Use Permits) to split lots in violation of existing zoning.

THE COMMISSION is to be respected for its decisions in that it is the body responsible, with the help of the planning staff, for county planning. The Board of Supervisors, on the other hand, has been rather consistently approving the splitting of lots.

In a recent case, that of the Sans Crainte area, over 95 per cent of the residents opposed splitting certain lots and wished to preserve the area's zoning. The Board of Supervisors voted against these people who were sold their land and homes on the basis of existing zoning and who have invested in the property and social values implied in this zoning.

WITH DUE RESPECT to the Board, it is the Planning Commission which should be in the best position to make decisions about planning matters based upon factual studies and knowledge of the long range planning objectives of the county (if any).

Supervisor Ray Taylor did indicate his reasons for voting against the unhappy residents of Sans Crainte area . . . he explained that he did so because there were already some other lots divided nearby.

With due respect for Ray, this is rather like saying "one crime deserves another!" It appears that we are following the policy of avoiding existing zoning by a very cute and divisive use of the Land Use Permit . . . so let's keep it up . . . there's somebody likes us to do it!

IT'S A POOR community which determines the development of its land uses . . . lot sizes, zoning, etc., on a hand-to-mouth basis. It is a poor commentary to intelligence when no one can tell what's going to happen next . . . in a given area, unless you know what's on the supervisors' minds . . . or whether or not the residents will be "watching" or not.

The builders and the residents and the farmers and the industrialists and the businessmen, etc., are all entitled to some consistency in county planning . . . they have a right to keep what they invested in so heavily.

The villains are the many things resulting from lack of planning and good laws to make it work. Good planning is evidence of good government in Martinez . . . so let's start with some good planning soon.

Respectfully yours,
Richard R. Nesbitt.

Under The Sun

Snoopy digs big news

Snoopy, the office cat, peeked around the typewriter and said, "Hey, boy, how about letting me write your column this week?"

"Nothing doing," said I. "You'd be too catty — and besides you don't chase scoops, you chase rats."

"I'll overlook the poor pun and I won't dwell on the fact that you, too, chase rats in your column," Snoopy purred. "But I vigorously object to your slurs that I am not a good newspaper cat. Boss, I've got some hot tips . . . and I don't think I'll tell you."

"Come on, Snoop, if you have some news, let's hear it. You know, The SUN always prints everything."

Carlson conversation comes back

"Aw, the heck you do. I heard your promise Tom Carlson, the Richmond Political Chief, that you wouldn't print what he told you."

"Yes, but you also heard me say that I'm a newspaperman and prefer not to be told anything off the record. What he told me in confidence was of little interest to this area and will be announced shortly. Mr. Carlson called to subscribe to The SUN, and it is the first time I've chatted with him."

"Well, what did he say?"

"First, he denied that he's interested in Sheriff Long running for Congress, but that DeLap, Galvin and Abbott were interested. Carlson said that Long is the best politician in the county and rows his own boat and that only Long knows what he is going to do. Those are Carlson's exact words.

"I asked him if he thought District Attorney Collins and Long will run for reelection. He answered, 'I would say Collins will run.' He wouldn't predict Long's course. Carlson then mentioned that a Richmond marshal, Archie Soto, was interested in the Sheriff's race.

"Answering my question about Baldwin for Congress, Carlson said he would be for someone . . . he's not too involved . . . he didn't do as much for Baldwin in the last campaign as he should have . . . unquote.

"Oh, yes, Carlson added that John Miller's house-to-house campaign for sheriff is making a real impression and that Miller and Long dislike each other intensely."

Choice between Long and Miller?

Snoopy's ears twitched. "Yes, I've heard that possibly Long would not run again but he just can't stand the thought of Miller going in. Too bad they don't stay out. Miller is certainly no better than Long."

"Wait, you had better stop right there. Don't you know this conversation is being recorded for the column?"

"Good, I'm really writing this column, after all," Snoopy said. "And now I'm going to prove I have a nose for news. Keep that recorder working, here's my first flash:

"Ladies and gentlemen, did you know that at least one candidate will oppose Wally Wohlgemuth for trustee of the junior college for this district? And did you know that some leading Democrats are trying to persuade one of their top politicians to run for Congress, regardless of what Condon does? They aren't against Condon but they doubt if he can win.

"And did you know the Democrats will hold an all-day nomination convention at Martinez Junior High School March 6 to endorse candidates? Did you know that Supervisor Ray Taylor is going nutty trying to justify his actions on zoning problems? He's up for reelection in the Walnut Creek-Concord area and he's catching heck from all sides. Les Iford is the strong man in the race so far. Well, what do you think of your star reporter?"

"You're terrific, Snoopy. Your name should be Scoopy. So . . . "

Opposition to Don Doyle

"Wait, I've got more," Snoopy snapped. "Did you know that the Democrats are definitely going to run someone against Assemblyman Don Doyle? But so far the Republicans can't find a Republican in Richmond to run against Assemblyman Masterson.

"And did you hear the rumors about the imminent explosion over the county's civil defense program? And did you hear the rate expert of the State Public Utilities testiy that the phone company needs only an increase of $5,623,000 for a fair profit — instead of $53,566,000 they asked for. And . . . "

"Snoopy, you are indeed a wonderful news-cat, and never more shall I cast disparaging remarks. But it's about the end of the column."

"Okay, boss," Snoop said. "Let me sign off like a newspaper movie — or radio play. And that, folks, is 30 for today."

"I cooked 90 meals last month for only 94¢"

says Mrs. Lloyd Prosser, a newcomer to Marin County

Mr. and Mrs. Prosser and their two children recently moved to California. "Right away we noticed how much less gas and electricity cost here," says Mrs. Prosser. "We use them freely for better living."

How cheap gas and electricity did a lot for the Prossers last month:

90 meals cooked (for family of 4)	$ .94
180 hours of lighting	3.08
30 days of gas heating (winter month)	6.27
2200 gallons of hot water for 100 baths	.81
45 hours of dishwashing	.18
24 loads of clothes	.33
shaves and washups	.10
6 hours of scrubbing	.01
24 loads in automatic washer	.10
24 loads in automatic dryer	.22
14 hours of ironing	.22
180 hours of television	.85
14 cubic foot freezer	1.12
240 slices of toast	.09
8 hours of vacuuming	.06
120 hours of radio	.28
30 days of refrigeration	.89
2 electric clocks	.09
mixer	.03
waffle iron	.06
P.G. and E. bill for the month	$15.73

Average cost per day: 52¢

Where the Prossers used to live, the same amount of gas and electricity would cost $31.48

Count the appliances in *your* home. Then divide your P.G. and E. bill by the number of days in the month to get the daily cost. You, too, will agree that day in and day out nothing else gives you so much for so little. 4X-W-254

Gas and electricity are cheap in California!
